+6281219428854 | dhiwaaqsha123@gmail.com | linkedin.com/in/dhiwaaqsha | https://aqshad.github.io/dhiwa-portfolio/

Bogor, Indonesia

A recent Informatics Engineering graduate from Tarumanagara University with a strong foundation in website and app development, data science, and database systems. Completed relevant coursework including Mobile Programming, Machine Learning, and Database Systems. Backed by a strong academic foundation and a passion for continuous learning and growth, I am ready to contribute meaningfully in a tech-driven environment.

Experience

PT Hacktivate Teknologi Indonesia - South Jakarta Feb 2024 - Jun 2024

Studi Independen AI & Cyber Security

- Engaged in hands-on training sessions using real-world case studies to apply AI concepts such as Generative AI, Natural Language Processing (NLP), and Computer Vision
